Project – Improvements to Diamond Hills-Phase I
Township of Mansfield

Please be advised that, on Tuesday May 27th, the installation of the asphalt surface course for the above referenced project is scheduled to be performed. The work will be performed from 7:00 AM to 5:00 PM and should take 2 days to complete. During this phase of work sections of the road will be closed to all traffic.

The first day of paving will start at the intersection of Claremont Road & Route 57 and end near the intersection of Slope Drive and Hillside Road. The second day will start where the prior day's paving left off and extend to the end of the project limits. In order to prevent damage to the new road surface and to your vehicle(s), on the day the paving operation is scheduled to be performed in front of your residence it is suggested you park your vehicle(s) on an adjacent side street that will allow ingress and egress to remain unimpeded.

Should there be inclement weather experienced, please expect the work to be performed the following day.

If you should have any concerns or questions regarding this project, please feel free to talk with our on-site foreman or contact our office during the hours of 8:00 AM to 5:00 PM.

Thank you in advance for your cooperation,
