**Re: Vivaria Ecologies, LLC
Request for Inclusion into County Solid Waste Management Plan
Appeal of SWAC Recommendation**

Dear Commissioners:

On February 2, 2023 the County Solid Waste Advisory Committee ("SWAC") adopted a resolution recommending against the inclusion of Vivaria Ecologies, LLC ("Vivaria") proposed Class C food waste recycling facility, to be located on Blau Road in Mansfield Township, in the County's Solid Waste Management Plan.

On behalf of Vivaria, kindly accept this letter as both its appeal of SWAC's recommendation as well as its request for inclusion in the County's Solid Waste Management Plan pursuant to N.J.A.C. 7:26-6.10. We look forward to presenting Vivaria's application at a public hearing. Kindly advise as to what information the Board will need to conduct the same.

Thank you for your courteous attention to this matter and I look forward to hearing from you.

Very truly yours,

Mark R. Peck
